CASINO
Win & Win

Win&Win

A high-quality tool for quick and trouble-free creation
of a gambling establishment

About the Win&Win Casino System

Our project is the product of the Israeli programmers' work. During the creation of the system, special attention was paid to the opinion of the iGaming industry specialists.

The result is an innovative product that can meet the needs of the most demanding users.

Win&Win Casino is the undisputed leader of the Russian online gambling segment. Our products follow the requirements of players and the interests of gambling business owners.

Smart money | IGAMING BUSINESS SOLUTIONS

An extensive assortment of content is available to our customers. Win&Win Casino cooperates with leading international providers:

BELATRA games

GAMINATOR

Igrosoft®

Mega Jack

Amazing graphics, unique game math, colossal jackpots and catching plots make Win&Win Casino an ideal alternative to any other platform.

Technical Parameters of the Win&Win Casino Platform

BASIC REQUIREMENTS FOR LAUNCHING THE SYSTEM:

Recommended configuration

Intel Core2 Duo Processor, 2 GHz
3 GB of RAM

Minimum specifications

Intel Pentium III Processor, 1.6 GHz
Memory — 1 GB

Operating systems

- Windows 2000
- Windows XP
- Windows XP SP2
- Windows Vista
- Windows 7

Attention! The use of an uncertified version of the software is punishable by law and may lead to the seizure of computer equipment

Access to the Network

Recommended traffic is 512 Kb/sec.

Available communication channels:

- **Ethernet** — dedicated line;

- **ADSL** — the use of analogue telephone lines for high-speed modem access;

- **Wi-Fi** — access via wireless hotspots;

- **CDMA** — cellular connection using Evolution-Data Optimized technology;

- **Dial-up** — access to the Network through a telephony channel;

- **GPRS** — packet data transmission with standard GSM network.

The Benefits of the Win&Win Casino Gaming Software

- Original game mechanics (maximum user retention time)

- Great graphics (animation, 3D elements, high image quality regardless of screen resolution)

- Simple interface (intuitive navigation and lots of adaptive settings)

- Simultaneous play (launch on two monitors)

- Full-screen mode (session without broadcasting the screen lobby)

- Hotkeys (option for personalising control settings)
