# The Win&Win gambling platform is one of the most popular systems in the CIS territory

---

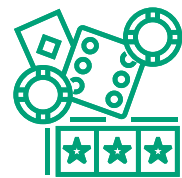

This is a high-quality tool with the help of which you can quickly create and launch a profitable online casino

# Win&Win: products and services

- Turnkey casino — a ready-made gambling project that can be launched immediately
- Sale, lease, and free demo versions of the software
- Online casino for rent (a perfect option for beginning operators)
- Free consultations and round-the-clock technical support

# Win&Win Casino: advantages for operators

Casino slots from  
the world's leading  
developers

Legal  
assistance

Homeplay  
function

High-quality product  
with realistic  
graphics

Technical  
support

**CMS**  
system

Convenient  
CMS

# Technical features of the system

- Ability to change the placed bets during the game
- Work on 2 monitors
- Option to enter the code and deposit funds
- Full-screen mode
- Connection of the emulation format
- Ability to change the values of hotkeys
- Terminals for operations with funds
- A unique set of denominations

# Providers

---

Win&Win Casino cooperates with the following brands:

# Homeplay mode

**This Win&Win feature allows gamblers to:**

- play at home in comfortable conditions;
- get the distribution package and become a partner of the gambling establishment.

**Versions of the program:**

- Lite (is sent by e-mail);
- Full (is located in the cloud storage);
- CD/Flash (is downloaded from the portable data storage device).

# Advantages of the homeplay mode

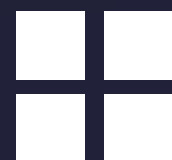

- The gambling platform reaches a wider audience and earns more money
- Customers will be registered with the original casino
- Users can play for free
- Settings of the establishment are duplicated for the Homeplay version as well
- Personal support service (a separate chat)
- Viewing the history of deposits and payments
- The distribution package is translated into Russian and English

# Demo version

---

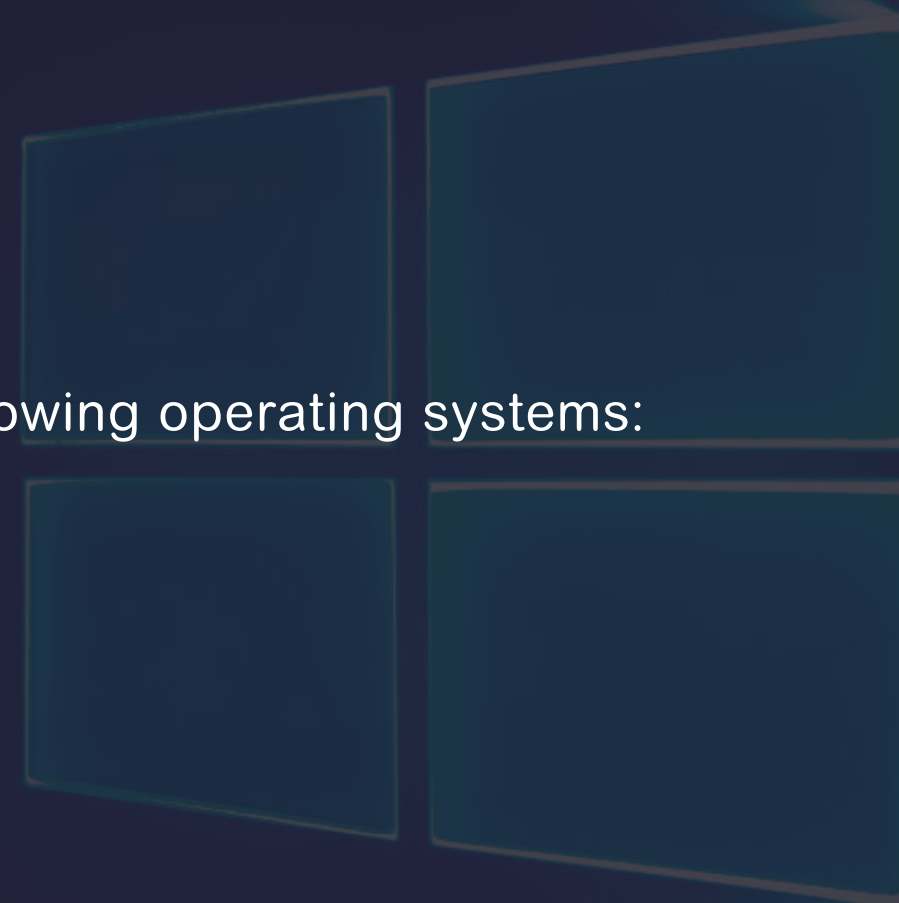

It is possible to download gambling software for the following operating systems:

**Windows**

**Linux**

# Connection of the Win&Win system with Smart Money

---

You can choose cooperation under the White Label scheme or buy a script and a turnkey casino from the Smart Money studio.
